Customer Information

Established in 1984, Knight Farm Machinery Ltd is one of the UK's leading manufacturers of self-propelled crop sprayers, runway de-icers and vegetable harvesters.

With strong sales in export, Knight Farm Machinery Ltd require an engine that is reliable in varying climates and terrains.

Excellent service, support and technical knowledge are compulsory requirements from their suppliers, coupled with build flexibility.

Customer Solution

After careful analysis of the application and engineering requirements, *Diperk* specified and supplied Perkins engine models 1104D-44TA and 1160D-E66TA. Both are compliant with Tier 3/Stage III emissions legislation and have a large range of build options allowing flexibility. The 1106 model is designed to be worldwide fuel tolerant to meet local market needs.

Along with the supplied engines, *Diperk* offer Knight world-wide product support, this includes; emergency call out, technical assistance and fast (next day) delivery of genuine parts.

Why Diperk?

- The UK's Perkins engine expert
- Unrivalled reputation of Perkins engines
- Overseas offices
- Excellent customer service and world-wide after-sales support
- Rigorous product testing & documentation
- Proven track record in providing OEM solutions
- Engineering capability allows the product to be customised to suit export markets
- Perkins world-wide warranty

"I know that once *Diperk* have checked and approved the machines, that those machines will be spot on. I can send them anywhere in the world."

Brian Knight
Owner, Knight Farm Machinery
